

# Round London cycle circuit

---

## *8: South Mimms to Hadley Wood*

Distance: 4.98 miles (19.92 to start, 14.61 from finish)

### **Introduction**

This section joins an extension of the Dollis Valley Green Walk to an extension of the Pymme's Brook Trail. It is all on NCR12 apart from a short distance at the start.

### **Directions**

The section starts at the east end of Crossoaks Lane, just west of Ridge.

Go westwards, straight through Ridge.

Turn left at the first roundabout, and right at the second.

Cross over the M25.

Keep straight ahead (not left) at the fork, then turn right at the end along Greyhound Lane.

At the end, turn right.

At the roundabout, turn left, then right into Wash Lane. We are now on NCR12.

Follow the track all the way to the end, passing under the M25.

When you reach a road, at the end of Dancers Lane, turn left along it.

Turn right into Wagon Lane (shortly before the main road). This is one-way for cars, but two-way for cyclists.

Carry straight on across the main road.

Where the road passes over the railway (which you can see down below on the left), take the track on the right.

Hadley Wood Station is the end of the section. To carry on to the next section, turn left over the railway.
