

# Zone 5 outer

## Section 21: Pinner to Headstone Lane

Distance: 1.57 mi, 2.51 km

### Introduction

This is a very short and straightforward section. Once you have left Pinner, it is just a matter of following a single path, more or less in a straight line, all the way to the end.

There are places to eat in Pinner, but not much anywhere else.

### Directions

Leave Pinner station by the main entrance, by platform 2, turn left, and descend.

Take the first turning right into a service area, and go up one of the flights of steps opposite.

Carry on along the walkway.

Turn left down a few steps, and then right up the High Street.

After the war memorial, turn right along Church Lane.

Take the footpath on the left, just after Ingle Close.

At the end, turn right then left up Wakehams Hill.

On the right bend, bear left down the footpath.

Cross the dual carriageway, and carry on into Pinner Park Farm.

Keep straight ahead past the farm buildings. After the farm, the track becomes a footpath.

When you reach a minor road, turn right along it.

Carry on to the end, where you will see Headstone Lane station on the left.
