

Zone 6 inner

Section 9: Banstead to Ewell East

Distance: 3.17 mi, 5.07 km

Introduction

This is a fairly short section. For the first half it follows the corresponding section of the London Loop. But thereafter the London Loop leaves a lot to be desired, so for the second half this section follows a totally different route.

There is a pub at Ewell East.

Directions

Turn left out of Banstead station.

Turn right onto the footpath immediately before Cuddington Park Close.

Fork right, and then head diagonally across the golf course fairway.

Enter the trees, then keep straight ahead at the first intersection.

At the next crossing, turn left onto the London Loop.

Follow the path straight ahead, in and out of the trees, and across more of the golf course.

Keep straight ahead on the path, and leave the golf course by a notice board.

Cross The Drive and proceed down Sandy Lane.

Take the first left, which is Golf Side, leaving the London Loop.

Follow the road round to the right.

At the end, turn left.

Keep on the road until you get clear of the houses.

Then, immediately before the golf course, take the footpath on the right.

Keep going in the same general direction, parallel to the edge of the wood on the left, and later on the right as well.

When you get to the corner of the golf course on the left, go straight on.

At the T junction turn sharp left along the outside edge of the wood.

At the next junction, follow the main path round to the right.

At the end, turn left onto a residential road.

Turn left along the main road, then go through the kissing gate on the right.

Turn right at the first intersection, then bear right to skirt round a large fenced-off area on the left.

Follow the path round to the left at the first corner, and again at the second corner (by a kissing gate).

At the third corner, turn right and leave the nature reserve through another kissing gate.

Carry on straight ahead between the green fences.

Just before the path goes under the railway, turn right.

You will shortly reach Ewell East station on the left. If you keep straight on, you will reach a pub in 2 minutes.
