

# Zone 6 inner

## Section 16: Fulwell to Feltham

Distance: 4.40 mi, 7.04 km (northern route); 4.33 mi, 6.93 km (southern route)

### Introduction

This is a fairly straightforward section. After some rather boring suburbs, most of the rest of the way is through parkland, principally along the River Crane. There are two alternative routes, one on either side of the river. The southern one is slightly shorter, but marred by a tiresome detour to cross a dual carriageway.

There are places to eat at both ends, but nothing much in between.

### Directions

Turn right along the main road.

Turn left at the traffic lights.

Take the first right, which is Twining Avenue.

At the end, turn left then right into Augusta Road.

Turn left alongside the road, cross at the pedestrian crossing, and carry on through the trees.

Go straight ahead along Danesbury Road, towards the church.

Take the footpath left, just past the Cardinal Centre.

Cross the river and then turn right.

This takes you to the High Street. Turn right, and you will shortly come to Feltham station on the left.
