Introduction

Directions

Turn right out of Epsom Downs station, and walk through the carpark.

Go past a small ornamental roundabout, then turn right into a cul-de-sac.

Keep straight on, down a steep bank, into a field.

Follow the path across the field, heading to the right of the buildings of Epsom College.

At the end, climb over the metal gate and turn left.

At the traffic lights, turn right along Longdown Lane North.

Take the fourth left, which is Higher Green.

Pass a triangular green on the left.

Pass a white gate, then follow the road round to the left.

Carry on along the grass strip on the right.

Where this crosses a footpath, turn right onto it.

Keep straight ahead along this path, across another road, through an area of bijou stockbroker residences.

Carry straight on across a main road, reaching open countryside. Turn left at the next intersection.

Turn right before the railway bridge.

You will shortly come to Ewell East station on the left.
