

Zone 6 outer

Section 27: Turkey Street to Enfield Lock

Distance: 1.22 mi, 1.95 km

Introduction

This is a very short section, which goes from one of the railway lines that runs up the Lea Valley to the other one. Apart from a short stretch at each end, it follows the London Loop.

There are pubs at both ends.

Directions

On leaving Turkey Street station, cross Teal Close and take the rightmost of the two paths opposite.

Keep straight ahead alongside Turkey Brook.

At the end, cross Turkey Brook and turn left alongside. Here we join the London Loop.

As you approach the end of Turkey Street, go over the first pedestrian crossing, turn right along the main road, and go over the second pedestrian crossing.

Take the first left, which is St Stephen's Road.

After a right bend, turn left beside a white barrier.

Carry straight on, rejoining Turkey Brook.

Bear right at the first intersection.

Turn left at both of the next two T junctions.

Take the next footbridge on the left over Turkey Brook.

Follow the residential road all the way to the end, then turn right.

Enfield Lock station is on the right.
